

Lorna Williams Midas  
Financial Company

## Who is Midas?

Midas Financial Company is the oldest unsecured loan broker in the country. Our focus is to help small businesses and start-ups succeed.

We do this in three ways. Good debt, good credit, and attorney coverage to protect business owners, their employees, and their assets. In 2004, we created unsecured credit card and term loan stacking, allowing for maximum funding.

**We want to know your passion and strategy**

## **We are different than a bank**

We partner with 900 different lenders and have a 95% success rate in unsecured lending.

Our expertise in personal credit and access to alternative lenders in combination with our legal insurance plans has proven to be a great financial success plan for our clients.

For 17 years, we have been the experts in funding your success.

Our consultative approach will help determine the best financing solution for each situation.

We keep funding documents to a minimum to leave you time to focus on what is important to you.
